Secondary PSU Adaptor (Available from Evercase)

- Connect 2 Power Supply Units together to provide more power to your computer components without having to upgrade your existing Power supply unit. This is safe as the motherboard gets power from one PSU only. The second PSU provide power to other components. Both PSU start when the On / Off button of your PC is pressed.
- Male end: 20+4pin Motherboard connector.
- Female end: 2 x 24pin PSU connector.
- This secondary PSU adaptor is ideal for the chassis listed bellow.

Colour Fans (Available from Evercase)

- 120mm, 80mm Colour fans.
- Various colours available.

PC chassis with dual PSU capability (NOT available from Evercase)

Azzatek Fusion 4000, Cooler master HAF 932, Lian li PC-343B, Lian Li PC-D8000, Lian Li PC-A10, Xoxide Aerocool Strike-X ST, Antec Nineteen Hundred, Corsair 900D.

Some Chassis are available on Amazon, eBay, PC World.
